---

The meeting was called to order by Dr. O'Leary at 6:01 p.m. Mary motioned to accept the minutes of the September board meeting as written Leanne seconded. All in favor aye opposed none. So voted:

Dr. O'Leary   yes  
Mary Ellard   yes  
Leanne Jasset yes

Cathy said the flu clinic held October 5<sup>th</sup>, at the American Legion Hall for the senior citizens, was very disappointing we only had 120 people. We will be holding a town wide clinic on November 2, 2011 from 6-8 p.m. at the Middle School. The State has lifted the restrictions on the vaccine so we can use that vaccine as well as the amount we purchased we have over 400 doses. Mary asked who we would have giving the vaccination and Cathy stated that some of the school nurses have volunteered to staff the clinic Geri Kelley has been helping out at the office on Wednesday evenings from 3:30 – 6:15 pm to take care of home visits, blood pressures and we are also booking immunizations at that time. Geri will stay in place until we hire a new nurse.

Joan is working on the permit renewals for the food establishments in town. We are going to a data based inspection on the I-Pads once it is up and running we will have a demonstration for you. This will be followed by Camp and Pool inspections on I Pads as well.

We will be having a new sushi bar opening in Legacy Place it will be located by the Yard House. It will be a long and narrow establishment with tables and a counter seating. It is not very big. Panda Express is suppose to be opening up by the Stop and Shop where the old Wine Gallery was located. It has been in process for a while so I do not know when it will open. I have not done any inspections there yet. Nobel and Greenough School's kitchen is being done over it is a large kitchen and a temporary kitchen will be in place to service the students from April to June about 45 days.

Sub Region 3, which is now NC-7 applied for a grant through TURI (toxic reduction institute) for a \$25,000 grant for educating nail salon employees and we got the grant. It is not enforcement but educating them to use non-toxic products and to educate the manicurist about what they are breathing in every day. We have put articles in the local papers and the Dedham Patch on line. Norwood put it in the Boston Globe.

We will be returning to one day for Hazardous Waste. We only had about 120 cars and it is too expensive to run twice a year for such a small number of cars.

With no further business to attend to Mary motioned to adjourn the meeting, seconded by Leanne all in favor aye opposed none. So Voted:

Dr. O'Leary yes

Mary Ellard yes

Leanne Jasset yes

The meeting was adjourned by Dr. O'Leary at 6:10 p.m.
